<sup>\*</sup> Collision rates are reported only at the subarea level because of uncertainty in the cycling trip data for smaller population municipalities within each subarea. Collisions rates were calculated using ICBC collision data and daily bike trips reported through TransLink's Trip Diary. Lions Bay, Tsawwassen First Nation, Bowen Island, Anmore and Belcarra were included in the sub-area collision rate although no cyclist collision data was reported for these local jurisdictions.

<sup>\*\*</sup> Rankings within this category are based on the number of approved policies and high to moderate ranked initiatives in the 7 categories listed in the Supportive Policies and Practices Section; High is 6 or 7, Moderate is 4 or 5 and Low is 3 or less.
